

It's a Hat-trick For Vistaar...!

Vistaar Has Done It Again And Its 3 Years In A Row Of Winning The National Award For 'Best Financial Reporting Of The Year - Medium Business' presented by Times Network

We believe that Annual Report is an important medium to communicate with all the stakeholders in a meaningful way. This year's Annual Report is based on the theme of 'Demonetisation and its impact'.

Our endeavour has always been to proactively disseminate the important information about the Company on regular basis to all our stakeholders, and this has helped us to retain and enhance their trust on us.

By winning this prestigious award three years in a row, we take pride and feel satisfied that in spite of being a private limited Company, our disclosures and majority of the compliances are in-line with that of a listed Company.

Being a young Company, every year we have tried to do something new and also enhanced the level of disclosures which we believe has helped to win this award while competing against the other Companies.

We thank all our stakeholders for their continued support in our journey of growth so far and look forward to more support in future.
